

# MEET SOMEONE YOU HAVE HELPED

## **Community Partner: Open Door Community House, Inc. Transition Home for Women in Crisis**

Ms. Lenore Fox, a 47 year old female, resided in an abandoned house prior to becoming a resident of the Transition Home for Women in Crisis.

Upon her arrival she was unemployed, but expressed her passion for cooking. She immediately enrolled in Open Door Institute's Culinary Arts Program. She completed the program and performed her internship at HIS Place Restaurant. Ms. Lenore was recruited and hired by St. Luke United Methodist Church where she currently works as a chef's assistant.

While residing in the Transition Home she actively participated in the Community Case Management Program, a program of Open Door Community House, Inc., counseling services provided by the Pastoral Institute for weekly individual and group counseling sessions and attended the weekly Bible Study offered in the home.

Ms. Lenore states, "Open Door has the right name. When all other doors were closed you all remained open. I am grateful for the hurdles that I have overcome so far."
